

Joe Carter
DIRECTOR OF PUBLIC WORKS

Andy Sherman
Sherman Construction Company
P. O. Box 1629
Greenville, S. C. 29602

Dear Andy,

Just a note to let you know how much we enjoyed working with you and Sherman Construction Company at Heritage Park. You and Allen helped us in so many ways. Using Best Construction Practices and some common sense. We had many hurdles to cross, but Sherman come through with flying colors. Your people are very knowledgeable and thorough. It was a pleasure to work with you and your company. The end result was a first class, state of the art park that Simpsonville can use and enjoy for many decades to come.

Thank you for your kindness and willingness to work and help us overcome some obstacles that we were faced with.

Again, thank you for all the assistance you gave during construction. Sherman Construction Company is a company that is dedicated to quality and service to its clients.

We hope someday we can do another project together and gather your input.

A job well done and thanks again to you and all of your employees.

Joe Carter
Public Works Director
City of Simpsonville
