Dear Wayland,

It is my pleasure to provide a letter of recommendation on behalf of Sherman Construction Company. While it is hard to believe that it has been seven years since our Saluda Shoals Park Project was completed by Sherman Construction, the quality of the work provided is surely standing the test of time and use. Since opening in April 2003, our 400 acre, \$15 million, riverfront park has seen heavy use by the public, nearly 400,000 visitors annually. We have been proud to showcase some of the Midlands most beautiful and usable public facilities.

Throughout the construction process and since, Irmo Chapin Recreation Commission has valued our excellent working relationship with you and your team. During construction we found you to be good on-site problem solvers and sensitive to budget and timeline constraints. These issues are particularly important to public projects such as ours.

I wish you much success as you seek prospective clients and would be happy to answer any questions that they might have regarding our experience with Sherman Construction Company.

Best regards,

Elizabeth Taylor
