City of Inman Downtown Master Plan Workshop: December 8-10, 2020

What is your vision for the future of downtown Inman?

Mayor Huff and City Council invite you to bring your imaginations and love for our city and share your ideas during the Downtown Master Plan Workshop. This is our time to imagine and to design a prosperous and vibrant path to the future we want for our residents, businesses and visitors.

The goals of the downtown master plan are to:

- create a continuing streetscape design plan to add on to recent projects
- create a public improvement analysis and prioritization checklist.
- provide recommendations for improvements to downtown landscaping and greenspace
- evaluate the need for additional public facilities downtown, to possibly include a new City Hall, Farmers Market and concert pavilion, dog park, etc.
- recommend best uses for the existing vacant downtown properties
- recommend best uses for existing publicly owned properties

Our planning consultants, BOUDREAUX, Toole Design and Fred Delk, want to hear from you as they create a master plan that will guide our City as we work to enhance our historic downtown. Opportunities to provide your ideas are listed below.

Tuesday, December 8

12:00 – 1:00 pm Public Input Session at Starry Night
5:30 – 6:30 pm Public Input Session at Starry Night

Thursday, December 10

3:00 – 4:00 pm Live Stream Public Presentation of Draft Master Plan

Please share your visions and help us chart a prosperous future for downtown Inman!
